

inconso – The Supply Chain Experts

inconso is the leading consulting and software company for logistics solutions in Europe. More than 650 employees at ten locations in Germany, two in Spain and one in France offer sound consulting, innovative and practical software products, and professional system integration solutions for optimizing customer-specific logistics processes. The main focus areas are warehouse, transport and supply chain execution and visibility solutions of the inconso Logistics Suite. In addition to this, inconso provides solutions on the basis of SAP EWM, SAP TM and SAP YL as a certified SAP partner. In a certified data center, the inconso Logistics Suite solutions are also available as inconso Cloud Solutions. inconso is part of the Business Area Logistics Systems of the international technology group Körber.
