

FIS INFORMATIONSSYSTEME UND CONSULTING GMBH

What we do and what drives us

FIS Informationssysteme und Consulting GmbH is an expanding and independent enterprise and the roof of the FIS Group. More than 700 employees within the FIS Group make companies more modern, economic and competitive every day. FIS Informationssysteme und Consulting GmbH focuses on SAP projects and develops efficient solutions that promote the digitization in companies.

In the D-A-CH region, FIS is one of the leading SAP value added resellers and the market leader with its all-in-one FIS/wws solution for technical wholesale. Together with its Medienwerft subsidiary, FIS covers the complete range of SAP topics in the field of Customer Experience (CX).

What you can expect

FIS Informationssysteme und Consulting GmbH pursues a sustainable and growth-oriented business model and stands for competence, practicality and first-class service.

Values and guidelines

Customers and business partners:

For FIS Informationssysteme und Consulting GmbH, the fulfilling of performance promises to business partners and customers has always been the top priority since the start of the company's 25-year history. It is the daily motivation of the FIS staff to provide customers and partners with optimal solutions for achieving individual aims. It is on this basis that the company wishes to establish a partnership based on mutual trust for a long-term cooperation.

Employees:

The FIS employees are of utmost importance for the company and its corporate success. As a service provider, FIS Informationssysteme und Consulting GmbH is aware of the importance of its employees and offers a wide range of measures in the fields of further training, health promotion and staff development. Communication at eye level and a corporate

culture with open doors and flat hierarchies are a matter of course for FIS.

Environment and society:

FIS pursues a sustainable corporate policy and also relies on renewable energy sources when it comes to producing energy at its headquarters. It also assumes responsibility for our society and supports charitable social and cultural projects.

Business development:

The business model is equally sustainable and growth-oriented. FIS unreservedly stands for value-oriented approach. Its strategic business development is based on reliability, proximity to customers and continuity in all decisions.

Quality of products and services:

The quality of all services and products has top priority. This quality is being constantly developed according to highest standards to provide customers and partners with functional and sustainable services also in the future.
