

KNAPP

SAP® EWM by KNAPP

The best of both worlds: IT & Logistics

More than just a WMS and WCS

SAP® EWM by KNAPP is the right solution if you are following an SAP® IT strategy and looking for an outstanding logistics solution.

3 good reasons for SAP® EWM by KNAPP:

- **Expert for complex and high levels of automation:** Our solutions with SAP® EWM incl. MFS link directly to the PLC, reducing interfaces and allowing the processing of up to 450,000 telegrams per hour in an end-to-end SAP® system in the SAP cloud.
- **Successful track record:** Intelligent combination of SAP ACTIVATE and experience from 120+ SAP® EWM projects and 130+ in-house experts.
- **Responsibility for solution and SAP consultant:** One-stop SAP® EWM solution from conception to customizing, development and support during live operation with our 24/7 SAP® EWM Service Desk.
